## IMPORTANT SAFEGUARDS

When using your mini chopper, basic safety precautions must always be followed, including the following:

1. Read all instructions carefully.
2. Always unplug the product from the electrical outlet when not in use, before putting on or taking off parts, and before cleaning.
3. Keep the power cord and product away from heated surfaces.
4. Do not place the power unit in or expose it to water or other liquids.
5. Do not use attachments not recommended or sold by the product manufacturer.
6. Avoid contact with moving parts.
7. Handle the blades with care as they are extremely sharp. Use caution when attaching or detaching the blades.
8. Always assemble the product completely before plugging it into an electrical outlet.
9. Before disassembling/reassembling the product, unplug it from the electrical outlet and ensure the metal shaft and blades have completely stopped.
10. Do not plug or unplug the product into/from the electrical outlet with a wet hand.
11. To disconnect from an electrical outlet, pull directly on the plug; do not pull on the power cord.
12. Do not operate the product if it has a damaged power cord or plug, malfunctions, or is dropped or damaged. Do not attempt to repair this product yourself. Call our Ginny's customer service toll-free number for information regarding repair or replacement.
13. Do not place the appliance near any hot surfaces.
14. Never put power unit into water or other liquid.
15. This product is intended for indoor, household use only. Do not use outdoors.
16. This product is intended for use in chopping foods for human consumption. Do not use the product for any other purpose.
17. Keep the product out of the reach of children and pets. This product is not intended for use by children. Close supervision is necessary when any appliance is used by or near children.
18. Always place the product on a flat, level, heat-resistant surface.
19. Do not let the cord hang over the edge of the table or counter.

## PART NAMES

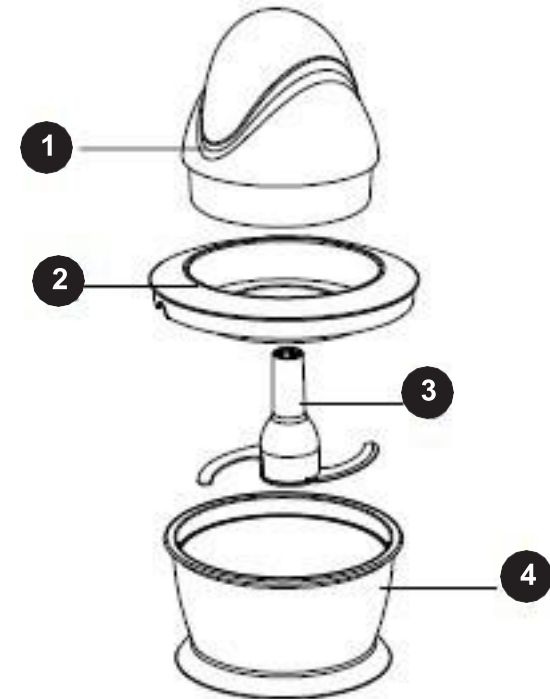

No user-serviceable parts inside. A short cord is provided to reduce the hazards resulting of entanglement or tripping over a long cord. An extension cord may be used with care, however, the marked electrical rating should be at least as great as the electrical rating of this appliance. The extension cord should not be allowed to drape over the counter or tabletop where it can be pulled on by children or tripped over.

### FOR HOUSEHOLD USE ONLY

This mini chopper is equipped with a polarized plug in which one prong is wider than the other. This is a safety feature, to reduce the risk of electrical shock. The plug will fit into a polarized outlet only one way. If you are unable to insert the plug into the electrical outlet, try reversing the plug. If the plug still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.
